

FEATURE ARTICLE: WEATHERWHIZ PROVIDES FORECASTING SUPPORT FOR THE WARSASH SPRING SERIES 2012

WEATHERWHIZ is pleased to announce that they will be providing weather forecasting support to the race management team of the Warsash Spring Series, to be held in the Solent, between the 18th March and the 29th April 2012.

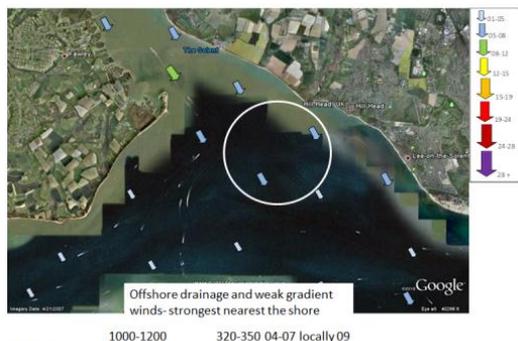

We will be working with the race management team providing information pre- race day and on the race days in so that the team can maximise the best racing conditions and provide another highly successful and competitive series.

Here at Weatherwhiz we aim to provide professional weather forecasting and support service for those involved in sports. We will also be extending our support to the competitors of the Warsash Spring Series in a variety of ways.

Time	Wind Direction	Wind Speed (KT)	Comments
0900-1100	270-290	04-07	Overcast cloud lifting to scattered- shifty offshore conditions
1100-1300	270-290 becoming 240-290	04-09	Scattered cloud – puffy conditions as town heats up
1300-1500	240-290	01-06	Surface wind decreasing as local sea breeze attempts to develop
1500-1700	240-290	01-06	

Throughout the racing periods of Warsash Spring Series 2012 there will be a free, basic forecast available via the blog, please click [here](#).

For those wanting that competitive edge you have the opportunity to subscribe for some additional services

1. Get the WEATHERWHIZ SOLENT VENUE GUIDE – one off costing of £100

2. Get DAILY COURSE AREA SPECIFIC FORECASTS – an example of which can be found [here](#) at a special rate of £50

During Warsash Spring Series 2012 we will be keeping you posted through [Twitter](#) feed and our [Facebook Page](#) on the day to day racing activity as well as some behind the scenes activities with the [blog](#).
